**The Grande, Bombay Exhibition Centre,  
Goregaon (East), Mumbai, India**

Concurrent Exhibition

 **koelnmesse**

Koelnmesse YA Tradefair Pvt. Ltd.

## Technological Developments in Dairy Industry

India - Worlds Largest producer of milk, accounting for around 20% of total global milk production is also the world's largest consumer of dairy products. Indian dairy industry currently pegged at USD 70 billion is expected to double by 2020.

Need of The Hour : There is a marked gradual shift of milk handling from unorganised to organised sector, hence it is most pertinent to explore and adopt new technologies and developments especially in milk production, processing, packaging and distribution. Improving raw milk quality; bacteriological as well as milk constituents; is important for increasing shelf life and value addition. Energy efficiency and reduced losses offer edge over others to remain competitive. New packing materials will help keep pace with prevailing environment friendly measures at affordable prices.

Technologies like photo pasteurization, HP technology need to be explored in the above context and Innovative biodegradable packaging solutions will address the environmental issues. Advanced technologies in supply chain management need to be adopted to maintain food safety of the product. Skilled personnel will be the backbone to implement new technologies in the industry. Hence skill development programs to meet these requirement of the industry will enable to absorb those new technologies fully.

However, new technologies will be available only after research & developments in those areas supported by the research institutions, industry and the governments.

Indian Dairy Association (West Zone) is organizing National Seminar on "Technological Developments in Dairy Industry" during April 3-4, 2019 in association with Koelnmesse YA Tradefair Pvt. Ltd. concurrent to their India International Dairy Expo focussing on "Dairy Farming, Processing, Milk products, Packaging and Distribution" from April 3 to 5, 2019 at Hall 2, Bombay Exhibition Centre, Goregaon (East), Mumbai - 400063

## Concurrent Exhibition: India International Dairy Expo IIDE 2019

India International Dairy Expo-IIDE 2019 is scheduled to be organized during April 3-5, 2019 at Hall No 2, Bombay Exhibition Centre, Mumbai concurrent to the dairy seminar.

IIDE 2019 International trade fair for dairy farming, processing, packaging, distribution and products will provide complete solutions to the dairy industry through the display of latest technological developments from India and abroad.

## Seminar Schedule

### DAY ONE - 03 April 2019

09:00 - 10:30	Registration
10:30 - 11:00	Inauguration
11:00 - 13:30	Session I: Newer Approach Towards Microbial and Chemical Safety of Raw Milk
13:30 - 14:30	Lunch Break
14:30 - 17:00	Session II: Industry Session

### DAY TWO - 04 April 2019

10:00 - 11:30	Session III: Innovations in Processing and Product Manufacturing
11:30 - 12:00	Tea Break
12:00 - 13:30	Session IV: Packaging Technology for Improved product Quality and Shelf Life
13:30 - 14:30	Lunch Break
14:30 - 17:00	Session V: Industry Session

### Registration Fees

IDA Members: Rs. 3,540/-

Non Members: Rs. 3,540/- + Rs. 1,770/- (IDA Membership Fee)

For further details about the seminar, please write to: [admin@idawz.org](mailto:admin@idawz.org) or visit [www.idawz.org](http://www.idawz.org)

## About us: Indian Dairy Association (West Zone)

The Indian Dairy Association (IDA) was established in 1948 with the objective to create a platform for dairy professionals, scientists, farmers, equipment manufacturers and service providers in order to provide them an opportunity for dissemination of knowledge and ideas and to promote the interest of dairying at national and international level by organizing seminars, symposia and exhibitions on a wide range of topics catering to the needs of various streams of dairy industry.

IDA (WZ), with its activities spread over the states of Goa, Gujarat, Madhya Pradesh and Maharashtra is very active and responsive to the needs of the dairy industry of the region. It has been regularly organizing seminars, workshops and meetings keeping all the stakeholders updated about latest developments in the dairy industry.
