

## Press Release

Mumbai, India / September 01, 2018

### April 3 – 5, 2019, the new dates for India's largest trade fair for Dairy farming, processing, packaging, distribution and products – India International Dairy Expo 2019, Mumbai, India.

Keeping in view the present political scenario and upcoming State election's schedule during end of the year and early next year in State's like Madhya Pradesh, Rajasthan & Chhattisgarh and other states. Also, most likely the Union election will be scheduled earlier than its dates. Due to the uncertainty that will be carried away with these elections on various projects and initiatives taken by the State as well as Central Government for sustainable growth of Dairy industry in the country, as dairy industry is primarily dominated by State cooperatives as well as Regional Dairy cooperatives, this would certainly have an impact on the dairy cooperatives.

In view of all these above factors Koelnmesse and its Partners have taken a call to revise the date from March 12-14 to **April 3-5, 2019**, as this will affect our initiative to bring the entire dairy industry under one roof.

Today India International Dairy Expo has become "THE PLATFORM" for Dairy professionals not only in India but also in the neighboring countries covering the entire spectrum of Dairy Industry from veterinary, dairy farming and farm equipment's, plant & machinery, processing, ingredients, packaging equipment's, Refrigeration, Automations and logistics, Milk & Milk products and allied services. The visitors to IIDE include the Dairy Products Manufacturers, Co-operatives, Dairy Farms, Dairy Professionals, Scientists, Farmers, Government Agencies & Policy makers. This can be clearly seen with the overwhelming response received not only from Exhibitor but also from visitors in our last edition.

The previous edition was spread across 7,500 sqm of exhibition space with 187 Exhibitors from India & abroad and had attracted over 6500 visitors. India International Dairy Expo (IIDE) 2019 is expected to be even bigger and better than its previous edition and expected to have over 200 exhibitors and will cover over 8000 sqm of exhibition space.

Indian Dairy Association, West Zone will also be organizing concurrent seminar on "**Innovation & Technological Growth in Dairy Industry**" deliberating on various aspects of technological innovations and packaging solutions to meet the demand of the dairy industry in the country. The conference will be well attended by Dairy cooperatives, Professionals, Farmers, Technocrats and others.

**About the Organizers**

**About Koelnmesse**

Koelnmesse – Global Competence in Food and FoodTec: Koelnmesse is an International leader in organising food fairs and events regarding food and beverage processing. Trade fairs such as Anuga, ISM and Anuga FoodTec are established world leaders. Koelnmesse not only organizes food trade fairs in Cologne, Germany, but also in further growth markets around the globe, for example in Brazil, China, Colombia, India, Japan, Thailand, The United States and The United Arab Emirates, which have different focuses and contents. These global activities offer our customers a network of events, which in turn grant access to different markets and thus create a basis for sustainable and stable international business. <http://www.koelnmesse.com/> Further information is available at: <http://www.global-competence.net/food/>

**About Federation of Indian Chambers of Commerce & Industry (FICCI)**

A non-government, not-for-profit organisation, FICCI is the voice of India's business and industry. From influencing policy to encouraging debate, engaging with policy makers and civil society, FICCI articulates the views and concerns of industry. It serves its members from the Indian private and public corporate sectors and multinational companies, drawing its strength from diverse regional chambers of commerce and industry across states, reaching out to over 2,50,000 companies. Further information is available at: <http://ficci.in>
